

MUSICTIME GROUPS

Fun and engaging music sessions for 0-5 year olds – siblings welcome!

The Shepherd Centre, together with *MusicConnect* and *Sing and Grow* will deliver two blocks of in-centre sessions during Term 1 and Term 4 as well as one block of teleintervention MusicTime sessions.

Our MusicTime groups focus on positive and fun parent-child interactions with motivating musical activities that provide opportunities for early learning and development across the areas of communication, social interaction, cognitive learning and motor skills.

The MusicTime session leaders integrate the use of percussion instruments along with singing of known and new songs. These sessions increase positive interactions between parents and their children, enhance child development, build social support networks and help increase parent's confidence to use music for language development and play at home.

The in-centre groups will be followed by some parent connection time – either as part of the Kidscape Playgroup session or an additional half hour at some centres for those available to stay and connect with other families.
